35 Gallon Totes are limited to stacking five high.  
70 Gallon Totes are limited to stacking three high.  
120 Gallon Totes are limited to stacking two high.

Stackable Totes are ideal for bulk oil storage. Used oil however, is not recommended due to contaminates. Additional examples of uses include food grade applications, herbicides, pesticides, lubricants, water or soaps.

*Please refer to our Applications Guidelines for other applications and specific material compatibility.*

## ACCESSORIES AVAILABLE:

- 24" **LEG KIT** that can be bolted to the skid. The skid and leg kit designs will enable the totes to be fork lifted with or without the legs.
- Polyethylene **DRIP TRAY** which provides a tray and spill guard for fill containers. Kit is adjustable for various container heights and a stainless expanded metal drip screen is provided for drain trough.
- **PLUMBING KITS** for a variety of plumbing options are also available. These kits includes:
