## New Product Release

### 300 Gallon Vertical Tank

Den Hartog Industries is pleased to announce the newest addition to our vertical tank line: the 300-Gallon x 40" Vertical Tank. This freestanding tank features a flat bottom, making it ideal for both indoor and outdoor applications. The top design supports an option for a variety of industrial uses and allows for the installation of additional fittings. With its 40-inch diameter, this tank is also compatible with several Open Top Tanks for secondary containment solutions.

| Part No.  | Description              | Weight | Tank Dimensions |
|-----------|--------------------------|--------|-----------------|
|           |                          |        | Dia x H         |
| VT0300-40 | 300 Gallon Vertical Tank | 70     | 41 x 63         |
