OP0625-RT

Den Hartog Industries is pleased to announce an updated design for our 625-gallon Containment Tank. The new design includes the addition of eight stacking lugs on the top of the tank, along with a redesigned base in which the notched area has been removed and tapered. These enhancements improve ease of separation when multiple tanks are stacked.

| Part No. | Capacity | Description | Weight | Tank Dimensions |
|-----------|------------|------------------|--------|-----------------|
| OP0625-RT | 625 Gallon | Containment Tank | 127 | 72 x 108 x 24 |

FEATURES on the Open Top Tank:

- Used **ONLY** for secondary containment purposes.
- Tank features a double wall rim around the top for strength.
- Manufactured from polyethylene with U.V. inhibitors.
- Tanks nest together for transportation and storage
