Ace Roto-Mold

NEW PRODUCT RELEASE

2500 Gallon Elliptical Leg Tank

Den Hartog Industries is excited to announce a new size in our Free Standing Leg Tank line. The new 2,500-gallon freestanding elliptical tank is designed for indoor or outdoor, stationary or transportable applications. Four hoop recesses are provided around the tank to facilitate anchoring, and gallon indicators are included on one side and one end of the tank. The FM style tank legs feature a sloped design to better facilitate drainage toward the center of the tank. Poly baffles are included for fluid control. The tank must be installed with all four hoops and securely anchored.
