NEW PRODUCT RELEASE

4800 Gallon Elliptical Leg Tank

Den Hartog Industries is excited to announce a new size in our Free Standing Leg line. Our new 4800 Gallon freestanding elliptical tank with legs for indoor or outdoor, stationary or transportable applications. Five hoop recesses are provided around the tank to facilitate anchoring. Gallon indicators are included on one side and end of the tank. The tank features a sump on each end for fitting location. Poly baffles are included for fluid control. FM style tanks feature a choice of center or end drain bottom sumps. Tank is designed for the containment of all chemicals rated for contact with polyethylene. Tank must be installed with 5 hoops securely anchored to the tank base or stand.

FM4800-92 shown with
FS4800-HPS-92 and FM4200-SK

FS4800-92
